THE CHARGE

Kyle Bermudez, Plaintiff, charges Rowan County at Burlington County, Defendant, with unlawful discrimination based on disability in violation of the New Jersey Law against Discrimination (LAD), American with Disabilities Acc, Rehabilitation Act, and Intentional Infliction of Emotional Distress.

THE PARTIES

Plaintiff Kyle Bermudez, residing at 4 Colonial Ct. Hainesport, Burlington County, NJ, 08036, is a person with disability within the meaning of the American with Disabilities Act (ADA) and the Rehabilitation Act of 1973 (Section 504).

Defendant, Rowan College at Burlington County, is a public university subject to public accommodation provisions of the LAD, ADA and Rehabilitation Act, with address at 900 College Circle, Mount Laurel, Burlington County, New Jersey, 08054-9416.

Defendant Michael Cioce is the President of Rowan College at Burlington County.

Defendant Donna Kaklamanos is the Director of Office of Student Support.

Defendant Karen Montalto is the Dean of Health Sciences.

Form A No. 1

THE FACTS SUPPORTING PLAINTIFF'S CLAIMS

KB

11-12-18

- 1. Plaintiff Kyle Bermudez is 23 years old (Fall 2016). Kyle graduated from Rutgers University with BA Biology. Kyle attended Rowan College of Burlington County in Spring 2016 and Summer 2016 for required courses in nursing major. He obtained a GPA of 4. Kyle was accepted to Rowan College at Burlington County Nursing program in Fall 2016.
- 2. On November 14, 2016, Kyle Bermudez, Plaintiff, experienced a "panic attack" at Rowan College at Burlington County during Nursing 119 Lecture.
- 3. On November 17, 2016, Michael Cioce, RCBC Vice President (now President), Defendant, informed Kyle that he was temporarily suspended from the college, pending an evaluation by a licensed mental health professional. Kyle is not permitted on any RCBC campus for any campus activities, library, and/or class use during the suspension period.
- 4. On November 18, 2016, Kyle forwarded a copy of 504 accommodation letter from the psychiatrist to Mr. Cioce. Kyle is diagnosed with Autism Spectrum Disorder (Asperger Disorder). Mr. Cioce requested further documentation based on a current assessment or recent situation.
- 5. On November 19, 2016, Kyle went to Cooper University Hospital Emergency Department. The attending physician assessed Kyle is currently not a harm to self or others. No obvious contraindication for him to resume normal activities. He was discharged.
- 6. On November 21, 2016, Mr. Cioce acknowledged receipt of emergency room records. Mr. Cioce reached out to the Provost and Dean of the program on coordinating the appropriate resources. Kyle has satisfied what was requested of him.
- 7. On November 28, 2016, Donna Kaklamanos, RCBC Director, Office of Student Support, Defendant, provided Kyle with Accommodation Plan.
- 8. On November 29, 2016, Karen Montalto, Dear, of Nursing, Defendant, allowed Kyle to return to class providing him with guidelines. In the event of a course failure, he will be eligible to return in the Fall of 2017 to repeat Nursing 119 according to program guidelines.

The college did wrongful deprivation of education from the time of suspension to his return in class causing Kyle to miss a significant and extensive portion of Nursing 119 course affecting his performance in the school of nursing.

Kyle was given academic counseling/penalty for absences after two weeks suspension by Professor Celeste Apoh. On the same day, Donna Kaklamanos, OSS director, pressured Kyle to be transported to the hospital emergency room in the absence of

- "Behavioral Crisis" without notifying his father, who was on campus. Donna approached Kyle, create the problem. Kyle has to cave in to pressure to please her. Donna forcefully manipulated Kyle and took advantage of his Asperger disease (high functioning Autism). The ambulance report showed appropriate behavior.
- 9. On December 5, 2016, Dr. Karen Montalto, Learn of Health Sciences, gave Kyle an administrative withdrawal for 2016 Fall Nursing 119 course, with a grade of W. RCBCs Sr. Vice President and Provost, Dr. David Spang concurred with this course of action. This grade does not prevent him from returning to RCBCs nursing program in the future, provided that he demonstrates compliance with the entrance and program requirements.
- 10. On December 8, 2016, Kyle Bermudez applied for RCBCs Nursing program, Spring 2017, which will begin January 20, 2017 and was denied admission. Spring 2017 applications utilizes hard copy "intent to enroll" effective April 1, 2016. Karen Montalto indicated Spring applications closed over a month ago. The college does not have room for any more students in the Spring. Reenrollment is never guaranteed and is only on a space available basis. Fall 2016 Nursing program and Spring 2017 Nursing program both utilize hard copy "intent to enroll" with the same prerequisites. Kyle provided a copy of declaration of intent to enroll Spring 2017 postmarked April 4, 2016.
- 11. On January 23, 2017, Kyle again requested permission to Mr. Cioce to return to nursing program and was denied admission. The college webadvisor online registration showed available open spots as of January 26, 2017 (contrary to December 8, 2016 spring applications are closed) Mr. Cioce explained the spring application was closed and the open spots are designated for students that were having background checks completed.
- 12. On March 17, 2017, Kyle again requested permission to return to RCBCs Nursing program Fall 2017.
- 13. On March 31, 2017, Dean Karen Montalto denied Kyle's admission. Currently, we are not admitting anyone with a "non-repeated failure" of a required program course. You have a grade of D on your transcript for a required math course. Kyle had already repeated the math course on Spring 2016 and obtained a grade of A on Math 107 Introduction to Statistics. Kyle previously graduated with a BA Biology degree at Rutgers University Camden. Kyle took most of the prerequisites with a GPA of 4 during Spring 2016 and Summer 2016 and he was accepted to Fall 2016 nursing program. For the Nursing Major, Kyle needs Nursing courses only.
- 14. On April 4, 2017, Kyle met with Mr. Cioce, Mahirym Holguin, RCBCs Health Sciences Division Coordinator, and Anita Rudman.

Mr. Cioce made several remarks... Admittance likelihood is zero at this point...That door is now officially closed... Based on your academic performance and dismissal from the program... The answer is no right now. You are not eligible... The answer is no to nursing. From a conduct perspective, nothing prevents you from applying to other programs, you are eligible to other programs... Nursing at this institution is probably a closed door...Nursing is not an option. We have 70 other degree programs you are potentially eligible for.

Another attendee (Mahirym) mentioned Kyle can look at accelerated program as an option for him (from other colleges and universities) but not offered here.

On April 4, 2017, Mr. Cioce denied Kyle's application for Fall 2017 based on the challenges encountered during the fall term and ultimate dismissal from the program and the overall competitive current applicant pool and number of seats available.

- On April 6, 2017, Kyle started outpatient psychotherapy with licensed psychologist. His treatment plan involves cognitive behavioral floor py for the development of effective coping skills for anxiety symptoms.
- 16. On April 18, 2017, Mahirym Holguin, Health Sciences Coordinator, denied Kyle's application to the nursing program at Rowan College at Burlington County. The applicant pool was very competitive; a record number of applications for a limited number of available seats were received.
- 17. On February 28, 2018, Kyle had a consult with a State of New Jersey licensed psychologist. Kyle was diagnosed with Autistic Spectrum Disorder without intellectual impairment, and unspecified anxiety disorder. Intellectually, he is estimated to be functioning in the average to perhaps above average range, with an average to above average general fund of knowledge. His insight is fair to limited, but his judgment is considered to be fair to good. Social skills training are warranted.
- 18. On March 26, 2018, Kyle received a denial for SSI (supplemental security income). The following factors were considered in making the decision: Kyle's condition has not affected his ability to understand, remember, cooperate with others and perform normal daily activities. Kyle has occasional episodes of anxiety. However, there is no permanent mental disorder which would prevent him from activities normal daily activities. While Kyle has problems with learning, he is able to perform activities, communicate with others.
- 19. At all times described herein, Kyle Bermudez was regarded by Defendants as having a disability as defined by LAD, ADA, and Section 504.

3. The harm that occurred as a result of defendant's acts includes:

CLAIMS

FIRST CAUSE OF ACTION

Discrimination in a Public Accommodation in Violation of the ADA

42 U.S.C. § 12181 et. seq.

Plaintiff repeats the allegations of all of the above paragraphs as if fully set forth herein. As described above, the RCBC Defendants' actions and practices – charging Plaintiff with violation of University rules, suspending him from school, giving him administrative withdrawal, denying his re-enrollment and imposing discriminatory conditions – violate the Americans With Disabilities Act of 1990.

Defendants mistakenly believe that Plaintiff has a mental impairment that substantially limits one or more of his major life activities such that Plaintiff is otherwise unqualified for attendance at its public accommodation.

Defendants' actions and practices described above constitute unlawful discrimination under 42 U.S.C., in that Defendants have discriminated against Plaintiff on the basis of Plaintiff's perceived disability, with regard to the full and equal enjoyment of Defendants' services, facilities, privileges, advantages, or accommodation. Defendants' actions and practices described above also constitute unlawful discrimination under the various subparts of 42 U.S.C.

Defendants have excluded Plaintiff from participation in and denied him the opportunity to participate in or benefit from their programs, services and activities based upon fear, speculation and stereotype about his perceived disability.

Additionally, Defendants did wrongful deprivation of education for more than 10 days causing Plaintiff to miss a significant and extensive portion of Nursing 119 course affecting his performance in the school of nursing. Defendant (OSS director) forcefully manipulated Plaintiff and took advantage of his Asperger disease (high functioning Autism). Defendant is concerned with mental illness that's why Plaintiff is not allowed to be with patients even though the psychiatrists confirmed he is currently not harm to self and others. Defendant is not comfortable because Plaintiff has disability. It is discriminatory.

KB

As a result of Defendants' violations of the Americans with Disabilities Act, Plaintiff was damaged, as detailed above.

This claim is brought against the RCBC Defendants.

SECOND CAUSE OF ACTION

Violation of Section 504 of the Rehabilitation Act of 1973

29 U.S.C. § 794 et seq.

Plaintiff repeats the allegations of all of the above paragraphs as if fully set forth herein.

As described above, the RCBC Defendants' actions and practices – charging Plaintiff with violation of University rules, suspending him from school, giving him administrative withdrawal, and denying his re-enrollment and imposing discriminatory conditions – violate 504 of the Rehabilitation Act of 1973 as amended, 29 U.S.C. § 794 et seq. ("Section 504"). In particular, Defendant, Rowan College at Burlington County, is a covered entity for purposes of Section 504 of the Rehabilitation Act because it operares a program or activity receiving federal funds.

Defendants mistakenly believe that Plaintiff has a mental impairment that substantially limits one or more of his major life activities such that Plaintiff is otherwise unqualified for attendance at its public accommodation.

Defendants, in their actions and practices described above, have discriminated against Plaintiff, and excluded him from participation in, and denied him the benefits of, Defendants' programs, services and activities because of Plaintiff's perceived disability.

Defendants have excluded Plaintiff from participation in and denied him the opportunity to participate in or benefit from their programs, services and activities based upon fear, speculation and stereotype about his perceived disability.

Defendants' actions constitute intentional discriminatory treatment based on disability.

Additionally, Defendants did wrongful deprivation of education for more than 10 days causing Plaintiff to miss a significant and extensive portion of Nursing 119 course affecting his performance in the school of nursing. Defendant (OSS director) forcefully manipulated Plaintiff and took advantage of his Asperger disease (high functioning Autism). Defendant is concerned with mental illness that's why Plaintiff is not allowed to be with patients even though the psychiatrists confirmed he is currently not harm to self and others. Defendant is not comfortable because Plaintiff has disability. It is discriminatory.

As a result of Defendants' violations of Section 504, Plaintiff was damaged, as detailed above.

This claim is brought against the RCBC Defendants.

THIRD CAUSE OF ACTION •

Discrimination in a Public Accommodation in Violation of the New Jersey Law Against Discrimination (LAD), N.J. S.A.

Plaintiff repeats the allegations of all of the above paragraphs as if fully set forth herein.

As described above, the RCBC Defendants' actions and practices – charging Plaintiff with violation of University rules, suspending him from school, giving him administrative withdrawal, and denying his re-enrollment and imposing discriminatory conditions – violate New Jersey Law Against Discrimination. In particular, Defendant, Rowan College at Burlington County, is a covered entity for purposes of NJ LAD because it is a public university subject to public accommodation provisions.

Defendants mistakenly believe that Plaintiff has a mental impairment that substantially limits one or more of his major life activities such that Plaintiff is otherwise unqualified for attendance at its public accommodation.

Defendants, in their actions and practices described above, have discriminated against Plaintiff, and excluded him from participation in, and denied him the benefits of, Defendants' programs, services and activities because of Plaintiff's perceived disability.

Defendants have excluded Plaintiff from participation in and denied him the opportunity to participate in or benefit from their programs, services and activities based upon fear, speculation and stereotype about his perceived disability.

Defendants' actions constitute intentional discriminatory treatment based on disability.

Additionally, Defendants did wrongful deprivation of education for more than 10 days causing Plaintiff to miss a significant and extensive portion of Nursing 119 course affecting his performance in the school of nursing. Defendant (OSS director) forcefully manipulated Plaintiff and took advantage of his Asperger disease (high functioning Autism). Defendant is concerned with mental illness that's why Plaintiff is not allowed to be with patients even though the psychiatrists confirmed he is currently not harm to self and others. Defendant is not comfortable because Plaintiff has disability. It is discriminatory.

As a result of Defendants' violations of New Jersey Law Against Discrimination, Plaintiff was damaged, as detailed above.

This claim is brought against the RCBC Defendants.

KB 11-12-18

FOURTH CAUSE OF ACTION

Intentional Infliction of Enactional Distress

Plaintiff repeats the allegations of all of the above paragraphs as if fully set forth herein.

As described above, RCBCs Defendants' conduct - charging Plaintiff with violation of University rules, suspending him from school, giving him administrative withdrawal, and denying his re-enrollment, imposing discriminatory conditions and punish Plaintiff was intentional and reckless and in knowing disregard of Plaintiff's rights.

As described above, Defendants' conduct was extreme and outrageous, and

beyond the bounds of decency.

Defendants' behavior caused severe emotional distress to Plaintiff.

This case seeks relief against Defendant and various individuals for the insensitive (heartless, uncaring) way in which they treated Plaintiff who experienced one episode of panic attack. Rather than act to help, support or comfort him, they suspended him, gave him administrative withdrawal, denied his re-enrollment and ultimatel ended his college career in nursing at the school of his choice.

Due to Kyle's symptoms of anxiety as well as his Autism Spectrum Disorder, he can have difficulty in areas of social functioning. Kyle is participating in outpatient psychotherapy. The treatment plan involves cognitive behavioral therapy for the development of effective coping skills for anxiety symptoms.

As a direct and proximate result of Defendants' behavior, Plaintiff did suffer severe emotional distress.

This claim is brought against all Defendants.

WHEREFORE, Plaintiff respectfully requests that the Quarter rudgment on his behalf on all counts contained herein, and grant him the following relief:

RECEIVED

RY: 001

- (a) Declaratory judgment that Defendants' conduct violated Plaintiff's rights. In particular, that the Court declare the actions of Defendants complained of herein to be in violation of: the Americans With Disabilities Act of 1990; Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794 et seq; New Jersey Law Against Discrimination (LAD), N.J.S.A.; and Defendants intentionally or recklessly inflicted emotional distress upon Plaintiff.
- (b) Injunctive relief permanently enjoining Defendants, their agents, employees, and successors from discriminating on the basis of disability against Plaintiff or any persons in violation of the aforementioned acts;
- (c) Appropriate compensatory and punitive damages for economic loss (loss of lifetime career), humiliation, mental pain and suffering be awarded to Plaintiff and against Defendant, in an amount to be determined by the jury;
- (d) Prejudgment and post-judgment interest on all damages;
- (e) Correction of all records to restore Plaintiff's academic standing and expungement of all negative information from Defendants' records;
- (f) Reasonable attorneys' fees and costs; and
- (g) Such other relief as the court shall deem just and proper

JURY TRIAL DEMAND

Plaintiff requests a jury trial on all issues of fact and damages raised in this case.

,

Respectfully submitted,

Kyle Bermudez, Plaintiff

Dear Kyle,

This letter is to inform you that, in response to an incident that occurred on Rowan College at Burlington County's Mount Laurel campus on Monday, November 14, 2016, you have been temporarily suspended from the college, pending an evaluation by a licensed mental health professional. You are not permitted on any RCBC campus for any campus activities, library, and or class use during the suspension period. You will need to be cleared by the Office of Student Support upon completion of this evaluation prior teturning to campus.

If this evaluation is received prior to end of the semester and you are deemed fit to return to the college, the Health Sciences division will work with you to complete any assignments you have missed during the interim.

When completed, the evaluation should be forwarded to my attention at mcioce@rcbc.edu.

Sincerely,

Mirhael Ciaca

RE: Kyle Bermudez, DOB 10/31/1992

Dear Mr. Cioce:

By way of this letter I wish to confirm my diagnostic impression and recommendations for Kyle Bermudez, who is a student in your institution whom I have evaluated on September 14th, 2016. Kyle is diagnosed with Autism Spectrum Disorder (Aspergers Disorder).

Given the multiple problems that Kyle in has encountered in his school environment, it is my impression that Section 504 reasonable accommodations are medically necessary so he can function academically and interpersonally. The accommodations I recommend include: a private area for exams due to anxiety and to avoid distracting others, alternate work assignments, modified deadlines or flexibility to reduce anxiety and perseveration, and pre-planning for group discussions in class to prepare him for such social and academic encounters. Your team might want to perform your own evaluation to identify further helpful accommodations. It would also be very helpful for this young man to receive on-site cognitive behavioral therapy in your student services so this facilitates comprehensive treatment.

Thank you very much for your support for Kyle.

Sincerely yours,

Andres J. Pumariega, M.D.

As is described in the letter emailed to you yesterday, November 17, 2016, the rationale for the urgency of the evaluation is based on your temporary suspension due to a documented public safety incident on campus Monday, November 14, 2016.

Based on the letter you received yesterday, an evaluation from censed mental health professional is required to take the next steps in this college process. At this time, we will accept documentation from your family physician. If you are unable to find a medical or mental health professional, please utilize the list of available resources provided in the email yesterday as a good starting point.

We are in receipt of the documentation you provided today. However both of these letters speak to prior assessments and do not speak to the recent situation. The documentation needed must be based on a current assessment. As such, the documentation from your treating medical or mental health professional needs to indicate your readiness to return to college in addition to following requirements:

- the student is able to return to a full program of study
- -the student is able to participate in an academically rigorous environment with or without the use of academic accommodations.
- the student is no longer a harm to himself, others, or property.

If the college is in need of further information or clarification, we may request a signed release form giving permission for your medical or mental health professional to speak with the Office of Student Support staff. This request so that the medical or mental health professional can provide further information or clarification to the college regarding your request and readiness to return to college.

This information remains confidential and does not become part of your academic record.

Approval of your request to return is made by the Vice President of Student Success, appropriate college staff, and your medical or mental health professional.

We hope that the resolution of this matter can lead to the attainment of your academic goals with RCBC.

Sincerely, Michael Cloce Sent from my iPhone

Dear Kyle

On November 20th you were notified by Michael Clove that you were eligible to return to class. understand from your faculty member Ms Celeste Apoh, that you did not attend class the week of November 21st. Lalso understand that you did not attend class on November 28th.

In order to meet the requirements of Nursing 119, I am providing you with the following guicelines:

- 1. Theory: Attend all remaining classes. Please note, you are responsible for the content of all missed classes. If you have questions about the content, you should meet with Ms Apoh for clarification of specific concepts. Please bring written questions to any meeting so that she may provide you with clarification. You must make up any missed quizzes and exams prior to the end of the course according to your instructor's guidelines. Exam 3 should be taken as soon as possible. It is your responsibility to meet with Ms Apoh and set up a time to make up the missed exams and quizzes. All course guidelines apply, and failure to achieve 80 percent or higher in the theory grade will result in failure of the course. The course participation guideline for missed classes will be waived. You will need to attend and participate in all remaining classes, however. Please meet with Ms Apoh by the end of Today, November 29th and make arrangements for all theory testing.
- 2. Lab: Remediate for the failed lab from October on Medication Administration. You are responsible to set up your remediation during open lab times this week with Mr Michalke. You are responsible to set up times this week with Ms Apon for the testing. Please make certain to make these arrangements by Friday, December 2 for any missed practicums. You are required to pass all other skills practicums for the course according to course guidelines prior to the end of the semester.
- 3. Clinical: You will not be attending clinical for the # st of this serv.escer. Providing you pass the objectives of the theory component of the course and the lab component of the course with statisfactory performance grades and theory grades of 80 or higher, arrangements will be made for you to compete your missed clinical days the week prior to the start of spring semester. All missed clinical days will be completed in the same week and you should block out the week of January 9th to attend 7am to 3pm Monday through Friday (times are tentative) at Virtua with a faculty member. If you do not successfully pass the theory and lab sections of the course prior to the end of this semester, we will not be providing you with this clinical component. We have carefully considered the fact that your grades have been below passing for the course and want to make certain that you have the time to study and successfully complete the theoretical component of the course. In addition, we determined you needed time to practice and be tested on your skills and wanted to provide you with time for this to be completed.
- 4. In the event of a course failure, you will be eligible to return in try Fall of 2017 to repeat Nursing 119 according to program auidelines.

If you have any questions as to these guidelines, I am available to meet on Wednesday, November 30th between 10 am and 2pm (please give me a specific time) in Pemberton or Mount Laurel (please let me know your preference) . Please notify me by 5pm today if you would like to meet tomorrow. In addition, I am available to assist with the clarification of any missed course content if your faculty member is not available and can meet at the same time on Wednesday for this as well. I can provide you with additional times once we meet if you need more clarification on missed content.

Please email with any questions or need for clarification about this email.

Sincerety.

Dear Dr. Karen Montalto, PhD.

On November 20, 2016, 5:35 PM, I was notified by Mr. Michael Cioce that I am eligible to return to class contingent on a meeting with Donna ,Ollice of Student Support. Donna sent email on November 21, 2016, 10:35 AM. and scheduled the meeting at 12:30 PM attended by Wendy Molufarki laier Donna. Durina verbally told me that I am permitted to attend Microbiology at Mt. Laurel campus but NOT Nursing (119 at Perra sitting location awaiting decision from you and the Provost. This explains why I am not able to attend classus on November 21, and 28, 2016. On November 28, 2016, I met with Donna regarding Accommodation Plan. On November 29, 2010, received your reply at 7:16 AM for Nursing 119 Lecture at 8:00 AM. I returned to class immediately upon receiving your email. I sent copy of Accommodation plan to professors the night before. However, upon my return, the Accommodation plan was not adhered to. I was reprimended for missed classes and given academic penalty. As a result of my medical disability, the signs and symptoms were incorrectly interpreted as "behavioral crisis". Subsequently, an ambulance was called and I was brought to ER only to be cleared for the second time (first 11/19/2016). They took me to ambulance without informing my parents who are waiting for me outside the building even though I notified Donna earlier. Two hours, later my parents inquired and told I was brought to ER. Inspite of being cleared by ER doctor, they suggested academic withdrawal or incomplete as the only option. I need your assistance to be able to take missed Exams 3 and future exams during the week of December 5th and December 12th and depending on the results, I will review and reconsider my options. Also during the same week, I need to set up time to do Open Lab and subsequent remediation Practicum. I am available anytime to clarify any confusion or misunderstanding due to complexity of the situation.

Hoping for your consideration.

Thank you.

Hi Mr. Cloce,
Good morning!
A day missed in school is a day lost forever. Unfortunately, this is my case. Further delay in attending Nursing 119 classes with few remaining days during Fall 2016 is not my own choosing. It is the discretion of the college and faculty.
I have not received reply from the Provost and the Dean of Nursing on how to proceed. I hope everyone understands the consequences. Please provide an update.
Thank you.

Dear Kyle,

I am writing to communicate that after reviewing all available information, including your signed Clinical Counseling note dated Nov. 29, 2016 and the fact that you have missed a significant and extensive portion of your NUR-119 course that will prevent you from obtaining the requisite competencies, it is my professional judgment that you should be given an Administrative Withdrawal for your 2016 Fall NUR-119 course, with a grade of AW. I have reviewed this judgment with RCBC's Sr. Vice President and Provost, Dr. David Spang, and he has concurred with this course of action.

This grade does not prevent you from returning to RCBC's nursing program in the future, provided that you demonstrate compliance with entrance and program requirements.

The AW grade for your NUR-119 course will not affect your standing or enrollment in your 2016 Fall semester BIO-156 course.

If you have any questions or concerns regarding this communication, please do not hesitate to contact me.

Sincerely, Dr Montalto

Claim Number: 137-94-2666

This is a very important letter. Please read it carefully. If you cannot read English, please take this letter to someone who can read it to you right away or contact Social Security for help.

We provide free interpreter services to conduct your Social Security business. You may use your own if you prefer but we might also have our interpreter present.

We are writing about your claim for Supplemental Security Income (SSI) payments. Based on a review of your health problems you do not qualify for payments on this claim. This is because you are not disabled or blind under our rules.

We have enclosed information about the disability and blindness rules.

An explanation is provided below of why we decided you are not disabled.

The following reports were considered in deciding your claim: COOPER UNIV HOSPITAL & COOPER HOSP/UMC
DR LEWIS LAZARUS Psychiatry Consultative **xam 02/28/18

We did not obtain any other reports because the ones shown above had enough information to evaluate your condition.

- * We have determined that your condition does not keep you from working. We considered the medical and other information, your age, education, training, and work experience in determining how your condition affects your ability to work.
- * You said you were disabled because of Asperger syndrome autism spectrum disorder, anxiety attack, panic attack, obsessive compulsive disorder and a mood disorder.

The following factors were considered in making our decision:

- * Your conditions have not affected your ability to understand, remember, cooperate with others and perform normal daily activities.
- * You have occasional episodes of anxiety. However, there is no permanent mental disorder which would prevent you from doing normal daily activities.
- * While you have problems with learning, you are able to perform normal daily

- activities, take care of your personal needs, communicate with others, follow simple instructions and perform simple jobs.
- * The evidence shows no other conditions which significantly limits your ability to work.
- * Although you have no work experience, you should be able to perform jobs which do not require more than a short training period.

IF YOUR CONDITION GETS WORSE AND KEEPS YOU FROM WORKING, WRITE, CALL OR VISIT ANY SOCIAL SECURITY OFFICE ABOUT FILING ANOTHER APPLICATION.

ABOUT THE DECISION

Doctors and other trained staff looked at your case and made this decision. They work for your State but used our rules.

Please remember that there are many types of disability programs, both government and private, which use different rules. A person may be receiving benefits under another program and still not be entitled under our rules. This may be true in your case.

IF YOU DISAGREE WITH THE DECISION

If you disagree with this decision, you have the right to appeal. We will review your case and consider any new facts you have. A person who did not make the first decision will decide your case.

- * You have 60 days to ask for an appeal.
- * The 60 days start the day after you get this letter. We assume you got this letter 5 days after the date on it unless you show us that you did not get it within the 5-day period.
- * You must have a good reason for waiting more than 60 days to ask for an appeal.
- * You have to ask for an appeal in writing. We will ask you to sign a form SSA-561-U2, called "Request for Reconsideration." You may complete this form on-line at http://www.socialsecurity.gov/online/ssa.561.pdf. Contact one of of our offices if you want help.
- * IN ADDITION, YOU HAVE TO COMPLETE A "RECONSIDERATION DISABILITY REPORT" TO TELL US ABOUT YOUR MEDICAL CONDITION SINCE YOU FILED YOUR CLAIM. YOU MAY CONTACT ONE OF OUR OFFICES OR CALL 1-800-772-1213 TO REQUEST THIS FORM. OR YOU MAY COMPLETE THIS REPORT ONLINE AT www.socialsecurity.gov/disability/recon.

Please read the enclosed pamphlet, "Your Right to Question the Decision Made on Your SSI Claim." It contains more information about the appeal.

HOW THE APPEAL WORKS

You have the right to review the facts in your case. You can give us more facts to add to your file. Then we will decide your case again. You will not meet the person who will decide your case.

NEW APPLICATION

BUR L 002495-18 11/13/2018 Pg 25 of 65 Trans ID: LCV20182004570 Case 1:19-cv-12478-RMB-KMW Document 1-1 Filed 05/13/19 Page 39 of 85 PageID: 45

You have the right to file a new application at any time, but filing a new application is not the same as appealing a decision. If you disagree with this decision and you file a new application instead of appealing, you might lose some benefits, or not qualify for any benefits. So, if you disagree with this decision, you should ask for an appeal within 60 days.

IF YOU WANT HELP WITH YOUR APPEAL

You can have a friend, lawyer, or someone else help you. There are groups that can help you find a lawyer or give you free legal services if you qualify. There are also lawyers who do not charge unless you win your appeal. Your local Social Security office has a list of groups that can help with your appeal.

If you get someone to help you, you should let us know. If you hire someone, we must approve the fee before he or she can collect it.

IF YOU HAVE ANY QUESTIONS

If you have any questions, you may call us toll free at 1-800-772-1213, or call your local Social Security office at the number shown on page 1. We can answer most questions over the phone. You can also write or visit any Social Security office. The office that serves your area is logs ad at:

We do not utilize an "intent to enroll" anymore. Students apply online. Spring applications closed over a month ago. We do not have room for any more students in the spring.

We also are not designating any semester as "evening versus day".

Reenrollment is never guaranteed and is only on a space available basis. You will need to apply online for the fall 2017 semester if you would like to be considered for reenrollment. That is the next application cycle.

As I said the spring application is closed. The spots in the program are for the students completing their background checks. We will not be admitting anyone else to the spring program.

This is not up for discussion. You will not be readmitted for spring 2017.

I would like to ask your permission to be able to return to the nurs: 🚁 inogram. I am confident that I am able to return to a full program of studies and participate in the nursing program. Attached is an updated 504 letter, Accommodation Plan Spring 2017 and unofficial transcript indicating I have met most of the pre-requisites for the nursing course. The only subject needed is Nursing 119.

Per Web advisor, there are available open spaces that requires instructors consent to register. I have demonstrated compliance with entrance and program requirements. If you would like to discuss further, I am available anytime. The class starts at 4:00 PM, Monday, January 23, 2017.

Please review for reconsideration.

Thank you.

Kyle.

The last email from Dr. Montalto on 12/8/16 explained that the spring 2017 application was closed and the open spots that you were referring to are actually already designated for students that were having background checks completed,

I emailed you on 12/12/16 to discuss your future academic intentions at RCBC. I'll repeat that there appears to be a disconnect between the conversations that take place in person and what gets sent via email.

The invitation remains open for you to schedule time to come in and discuss and clarify what it is that you need from the college.

Thank you,

RE: Kyle Bermudez, DOB 10/31/1992.

To Whom it May Concern:

By way of this letter I wish to confirm my diagnostic impression and recommendations for Kyle Bermudez, who is a student in your institution whom I have evaluated on January 9, 2017. Kyle is diagnosed with Anxiety Disorder NOS and Autism Spectrum Disorder (Aspergers Disorder).

It is my impression that Section 504 reasonable accommodations are medically necessary so he can function academically, and interpersonally. With these accommodations, he can return to a full program of studies and participate in an academic program. The accommodations I recommend include: a private area for exams due to anxiety and to avoid distracting others, alternate work assignments, modified deadlines or flexibility to reduce anxiety and perseveration, and pre-planning for group discussions in class to prepare him for such social and academic encounters. Mr. Bermudez does not present a harm to himself or others. He will be pursuing cognitive behavioral therapy with Dr. Michael Roberts in our Department to address his clinical needs.

Thank you very much for your support for Kyle.

Sincerely yours,

Andres J. Pumariega, M.D.

Mr. Kyle Timothy S. Bermudez 4 Colonial Ct Hainesport NJ 08036

Dear Kyle Timothy:

Thank you for your application to the nursing program at Rowan College at Burlington County (RCBC). After careful consideration, we are unable to consider your application for the Fall 2017 Nursing class. The applicant pool was very competitive; we received a record number of applications for a limited number of available seats.

Our next application cycle for Spring 2018 will open May 1, 2017. Please check our website - http://rcbc.edu/nursing for the admission requirements.

I would recommend that you meet with someone in the Academic Advising department to discuss next steps in your academic career. Please feel free to contact Ms. Sandy Koch (skoch@rcbc.edu or 856-242-5394) to set up an appointment with an academic advisor.

We wish you every personal and professional success with your education.

Sincerely,

Mahirym Holguin Health Sciences Division Coordinator nursing@rcbc.edu 4/6/2017

Hi Kyle,

Thank you for coming in today and allowing us to have an open conversation related to your academic goals and plans.

As discussed, the nursing program at RCBC is one of our selective programs that has an admissions policy that differs from the open-door policy that many of our programs have and with that, there are strict academic requirements that students need to maintain to gain entry and remain enrolled in the program.

Based on the challenges encountered during the fall term and ultimate dismissal from the program, any intentions on reenrolling would require re-application and ultimate re-acceptance. As communicated today, the overall competitive current applicant pool and number of seats available for the kell cohort appears to indicate that your application for entry into the program will be denied for Fall 2017. The final decisions are wrapping up right now and you can expect this in writing shortly.

Although you can re-apply again for the Spring 2018 term, it was not my intention to lead you to believe that there was any false hope for subsequent semesters. As the program and partnership with Virtua grows, we expect competition to increase moving forward.

My offer from today still stands if you are interested in speaking to anyone from our Career Services or Advising units to see if there are any alternate degree programs that might be a better fit for your career and academic pursuits.

Please advise if there are any questions from our conversation or from the contents of this email.

Best,

Michael A. Cioce

Subject: Permission to Return to RCBC Nursing Fall 2017

To: Karen Montalto < kmontalto@rcbc.edu>

I would like to return to RCBC's nursing program in Fall 2017. I have demonstrated compliance with entrance and program requirements. Attached is a copy of my transcript and I only need Nursing 119 to complete the remaining requirements. If you would like to discuss further, I am available anytime. I understand Fall 2017 online registration begins April 17, 2017.

Thank you for your time and understanding.

Sincerely,

I have supplied information related to your inquiry.

Further discussion can take place in person. I suggest you set up a joint meeting with Ms Kaklamanos and the division coordinator Ms Holguin (copied on this email) if you would like to discuss your transcripts and requirements further.

As of this time you are not readmitted to the program.

On the contrary, Webadvisor shows 7 available spots on January 24, 2017. In reply to your March 31, 2017 email, I was accepted to Fall 2016 Nursing Program. I completed all the prerequisites and currently have a GPA of 3.955. Please refer to your email on Monday, Dec 5, 2016 at 3:32 PM regarding the extenuating circumstances leading to the current situation. I am repeating the subject Nursing 119. I do not recall a grade of D on my transcript for a required math course. Please provide a detailed explanation of a "non repeated failure" of a required program course.

I need permission to return to RCBC Nursing Fall 2017.

Thank you for your understanding.

Mr. Kyle Timothy S. Bermudez 4 Colonial Ct Hainesport NJ 08036

Dear Kyle Timothy:

Congratulations! This letter is to inform you that you have been accepted into the Rowan College at Burlington County Day Nursing Program to begin Fall 2016. In order to reserve your place, you need to do the following by June 30, 2016:

- Return the enclosed form to Rowan College at Burlington County, Office of Admissions, 601 Pemberton Browns Mills Rd, Pemberton, NJ 08068, indicating whether or not you accept this offer of admission.
- 2. Send a check or money order made payable to Rowan College at Burlington County in the amount of One Hundred Dollars (\$100) to the Office of Admissions along with the form. This money will be applied to your first Nursing course tuition. This fee is not refundable.
- Complete your criminal history background check and urine drug screening. A "clear" criminal history background check (CHBC) and urine drug screening (UDS) are required within 14 days of your offer of admission into the program in order to hold your place. Rowan College at Burlington County has designated ADAM SAFEGUARD as the vendor. Please access the website at www.adamsafeguard.com, select "Rowan College at Burlington County", nursing, and follow directions to enter information. The RCBC school code is rebenp.

Upon receipt of the acceptance form and the check, your name will be forwarded to the Nursing Department and additional information will be sent to you. If the acceptance form and check are not received or your criminal history background check and urine drug screening are not complete and "clear", you will forfeit your place in the class beginning August 2016 and will have to resubmit an Intent-to-Enroll Form to the program.

We look forward to welcoming you into the Nursing Program and wish you every success.

June 2016

Dear Fall 2016 Nursing 119 Student,

Congratulations on your acceptance into the Rowan College at Burlington County Associate Degree Nursing program. Your nursing course Lecturer will be Celeste Brown-Apoh, MSN, RN. The nursing education ahead of you will be rewarding and exciting. The following information will help you prepare for the Fall 2016 semester.

In order to register for NUR 119, Fundamentals clinursing, you will have to take the included Registration Form to the Mt Laurel Campus Registration Office-you can only register for the section you are assigned to and the registrations will be monitored by the Nursing Office.

Enclosed is the Physical Examination Form. Students must have this form completed by their Healthcare Provider and submitted to the Nursing Department office on or before August 1, 2016. Immunizations and/or titers *must* be documented and current. Your physical must include a 2-step PPD. Please read and complete the form accurately and completely. If you want or anticipate a need for a copy in the future (i.e. for a job), make your own before you hand it in. Once it is in your nursing student file, the physical exam form will not be duplicated for you.

CPR Certification must be completed prior to beginning the program. If you are certified, please be sure that your certification is current. If you need certification, Rowan College at Burlington County will offer "CPR for the Healthcare Provider" in August 2016. Registration for this course is directly through LifeForce by calling the number on the flyer enclosed. Call early to reserve a place.

Nursing students are required to be covered under the Accident Insurance provided by the college to attend clinical. The college charges a fee for this insurance and information can be obtained by contacting the Business Office.

The completed Physical Exam form and proof of current CPR (only CPR for the Professional Rescuer or Professional Healthcare Provider is acceptable) must be submitted to the Division Secretary for Nursing by August 1, 2016 in order for you to attend the clinical component of your nursing course. If you are registered to take the CPR course in August 2016, an attendance sheet will be provided by LifeForce to the Division Secretary that day.

In order to progress from the first Nursing course (NUR 119) to the second (NUR 120), students must pass the Medication Administration test. The course, NUR 103-Medication Administration, will be offered during the January Intersession and both Summer Sessions each year. You must register for NUR 103 by going to the Registration Office at Mt. Laurel Campus. You also will have two opportunities to take the Medication Administration test by independent study during NUR 119. This test <u>must</u> be passed within 3 attempts in order to progress into the second semester nursing course. Students who do not pass the test in three attempts will be dropped from the program with no consideration for readmission.

In addition to the <u>textbooks</u>, <u>syllabus</u> and <u>lab kit</u>, the student uniforms and student name pins must be purchased in the RCBC Bookstore at the Pemberton Campus. You are strongly encouraged to order early. It is anticipated that the NUR 119 syllabus will be available by the end of July 2016. Please call the RCBC Bookstore to get hours of operation.

Students must have the following supplies: traum s issors, hemostat, pen, watch with second hand, pocket calculator, RCBC lab coat (sold in RCBC store-will not need for NUR 119) and a good quality stethoscope. The Bookstore sells the Littman II stethoscope but you can purchase it anywhere you prefer.

If you do not have a current student photo ID, you will need to go to the Office of Public Safety to obtain one.

Your RCBC Nursing Student Handbook will be given to you at the NUR 119 Orientation in August. After reading the book, initial the places on the last page as indicated and submit the initialed page to the Nursing Division Secretary by the first week of class. You will only be given one copy of the Nursing Student Handbook. Keep it in a safe place. This handbook has information you will be need for each semester you are in the Nursing Program.

Before the semester starts, you will receive a listing of the NUR 119 clinical locations. These clinical experiences will begin the third week of the Fall 2016 semester.

We look forward to welcoming you into the program and wish you the very best as you pursue your educational goals.

Sincerely,

Danielle Garcia Division Secretary Rowan College at Burlington County

Associate of Applied Science, (AAS.NUR)

This program combines classroom instruction with laboratory and clinical experiences. Students are admitted twice yearly, into day courses in the fall semester and into primarily evening courses in the spring semester. Graduates are prepared to take the National Council Licensing Examination for Registered Nurses and to provide care as beginning practitioners in health care agencies. Nursing licensure is regulated by the New Jersey Board of Nursing; legal limitations for eligibility to take the licensing examination include having no history of substance/chemical abuse and no convictions for violating any federal or state law relating to narcotic drugs. A criminal history background check is a prerequisite for Registered Nurse licensure.

Interested applicants should obtain a Nursing Program Admission Standards booklet and plan on attending an information session. Students who have applied to the college, taken the Assessment test or are are one students at the college should meet with a counselor. Requirements for Admissions into the Nursing program include:

- High School diploma or G.E.D;
- High school level algebra, biology and chemistry with labs or equivalent college course work with a grade of "C" or better
- RCBC GPA of 2.50;
- TEAS V Test score of 60 percent or higher achieved no earlier than 3 years prior to admission to the nursing program;
- Completion of all remedial work as determined by the College Assessment test.

TOEFL within 2 years of admission for students educated outside the United States. Required Internet-based scores (iBT): Reading 22, Listening 22, Speaking 26, and Writing 25. TOEFL scores must be submitted with "Intent to Enroll" forms.

Qualified applicants will be accepted until all seats are filled. If the number of qualified applicants exceeds the number of seats, priority will be established on basis of county residency, GPA and number of applicable General Education courses completed towards the nursing degree.

Intent-to-Enroll forms are available at the Nursing Office on the Pemberton campus, Parker Center, Room 331 and the Office of the Registrar on the Mount Laurel campus, Evans Hall.

All Intent-to-Enroll forms must be mailed. No hand-delivered forms will be accepted. Forms postmarked prior to acceptance dates listed will not be considered for program admission.

Intent forms for the program will be available starting.

Spring admission:	Mar. 1	Apr. 1	Apr. 1 or later
Fall admission:	Oct. 1	Nov. 1	Nov. 1 or later

Students admitted must be CPR certified (Professional Rescuer), complete a satisfactory physical examination indicating they can perform the rigorous program activities, maintain malpractice/liability insurance and personal health insurance throughout the program and undergo a criminal history background check and a drug screen. Nursing students are responsible for their own transportation to clinical sites.

Educational mobility for LPNs is facilitated through advanced standing on a space-available basis. Consult the Nursing Program Admissions Standards booklet for specific information. Nursing graduates may transfer their credits toward a baccalaureate degree in Nursing at various colleges.

Graduates of this program will be able to:

- Practice within the ethical, legal, and regulatory frameworks of nursing and standards of professional nursing practice;
- Practice within the parameters of individual knowledge and experience;
- Use standards of nursing practice to perform and evaluate client care;
- Recognize the impact of economic, political, social, and cultural forces on the delivery of healthcare;
- Develop and implement a plan to meet life long self-learning needs.

Mr. Kyle Bermudez 4 Colonial Court Hainesport, New Jersey 08036

Dear Mr. Bermudez:

Congratulations! On behalf of the JFK Muhlencerg Harold B. and Dorothy A. Snyder Schools, we are pleased to inform you of your acceptance into the School of Nursing, for the Spring, 2018 semester. Because you have already earned an advanced degree, you are eligible for the Accelerated Track. When all science and general education course requirements are satisfactorily completed, you will be accepted into the Accelerated Track on a seat available basis. Please be aware that it is the standard of the Accreditation Commission for Education in Nursing (ACEN), and the JFK Muhlenberg Snyder School of Nursing, that all students enrolled in the Accelerated Track complete the program in a maximum of 5 semesters (150% of the actual program length)

A final evaluation of your credits will be completed by the Director of Registration and Enrollment. Please review the enclosed "Welcome To Our Program" information. It explains the next steps and how to determine the courses that you will need.

Please note that Admission is based on qualification. Placement in general education and clinical classes is based on seat availability. Current students are given priority for seat availability in clinical classes.

The Acceptance Packet Instructions sheet contains the necessary information to complete the acceptance process. Please consult that sheet for your instructions. Outlined below, if applicable, are additional specific acceptance requirements which apply to your candidacy. These requirements must be followed completely.

Your acceptance as an Accelerated-Eligible startent is contingent upon:

- · Paying your non-refundable acceptance fee.
- Providing the enclosed waiver for the College Placement Test.
- An official updated Rowan College transcript upon completion of the Summer 2017 and Fall 2017 semesters if applicable.

The first Accelerated Nursing course, NURM141, is offered each Spring, January, semester. To begin this course, it is necessary to satisfactorily complete all required science and general education courses.

You are expected to read the School of Nursing Student Handbook. The Handbook, and most other information, is available on the Schools' website, www.jfkmuhlenbergschools.org.

All students beginning Nursing courses, as well as first-time student-housing residents, must attend the Orientation program. The dates will be posted on the Schools' website.

Dear Sir,

I would like to ask your guidance regarding an incident on Monday, November 14, 2016. I am not feeling well. I had one episode of panic attack after 8:00 am. As a result, I am unable to take Nursing 119 Exam #3 at 10:00 AM, and Catheter practicum at 2:00 PM. I dio redicted the Clinical on Wednesday, November, 16, 2016, per suggestion of Mrs. Celeste Brown Appohl, although I am ready to attend. That same day I was scheduled to meet with her at 12:15 PM to discuss plan and come to Open Lab to practice catheter insertion. However, Linda Schmidt, Director of Public Safety intervenes and canceled the meeting with no explanation. It was rescheduled today at 10:30 AM after I attended my Microbiology Lab at 8:00 AM. I am fine with the hope that I can continue my studies as in my previous communication. I plan to take Exam #3 early next week and Catheter practicum after Exam #3. Unfortunately, during the meeting attended by faculty, safety and behavioral counselor, I was told the only option is "Withdrawal". I am not provided with the minutes of the meeting. I am confused. I am not allowed to attend future classes. I have one practical remaining for the semester which I intend to attend initially. One panic attack and one option "Withdrawal". I need your advise. I believe this is unfair. I hope I can be treated fairly to achieve success.

I am giving my parents the permission to discuss further.

Thank you for your time and patience.

RCBC board accepts President Paul Drayton's resignation

By David Levinsky

Posted Apr 6, 2018 at 2:10 PM Updated Apr 6, 2018 at 2:13 PM

The Rowan College at Burlington County board of trustees voted unanimously Friday to accept Paul Drayton's resignation for medical reasons and to place him on medical leave until Aug. 31, when his resignation will take effect.

MOUNT LAUREL — Rowan College at Burlington County President Paul Drayton is resigning from his leadership post after spending the last six months on administrative leave because of a discrimination complaint filed by a college employee.

The college's board of trustees voted unanitabusly Friday to accept Drayton's resignation for medical reasons and place him on medical feave until Aug. 31, when his resignation will take effect.

While Drayton is on medical leave, the college will continue to pay him his salary and benefits, but will apply the unused balance of his accrued vacation, illness and personal time, officials said.

"We accepted Mr. Drayton's resignation for health reasons. We wish him the best, and that's basically all I can comment on," board chairman George Nyikita said Friday morning after the special meeting, which included a brief executive session and then the vote.

Nyikita and other college officials declined further comment, including whether an internal investigation the college launched after being notified of the discrimination complaint was concluded.

"That's still a pending matter, and I can't comment on it because of personnel," he said.

The investigation was launched in late September by attorney Michael D. Shaller, of the Ocean County firm King, Kitrick, Jackson & McWeeney.

Nearly a month earlier on Aug 30, Drayton was placed on paid administrative leave after RCBC learned that an employee had filed a discrimination complaint with the U.S. Equal Employment Opportunity Commission, the agency charged with enforcing civil rights laws related to workplace discrimination and harassment.

The commission has not taken any action against the college or Drayton, and it has declined to release any details about the complaint, including the name of the employee who filed it or the allegations made.

Under federal law, workplace discrimination or harassment must be filed with the EEOC before any civil litigation occurs. The law requires a laintiff to wait at least 180 days before filing a lawsuit in federal court, but New Jersey Superior Court has no required waiting period.

Stephen Console, the Philadelphia attorney who was representing the employee when the complaint was filed, could not be reached for comment Friday.

As of Friday, there was no record of a complaint being fled.

As part of his resignation, Drayton signed a separation agreement that specifies he would continue to receive his \$203,206 salary and other benefits until Aug. 31, but be required to use his unused vacation, personal and sick time. College officials said his unused time amounted to about 469 hours.

The agreement indicated the college would pay for Drayton's COBRA health benefits from Sept. 1 through Aug. 31, 2019, as well as the cost of his life insurance.

The agreement said that Drayton previously returned all college property and had been relieved of his job-related responsibilities. It included a mutual "non-disparagement" clause extending to all college employees, the board and the Burlington County Board of Freeholders, and a release clause forbidding Drayton from taking any legal action against the college, freeholder board or RCBC's employees and representatives.

Although the complaint cast a cloud over Drayton's resignation, sources familiar with the matter said the Mount Laurel resident is undergoing treatment for a "serious medical condition," which prompted his decision to formally step down.

Mike Cioce, the college's vice president of enrollment management and student success, has been serving as acting president since Drayton's departure.

Reached Friday, Drayton declined to discuss the status of the complaint or his health, but said he was proud of his work at the college and what it has become.

"I am proud of what we were able to accomplish and the transformation of (Burlington County College) to Rowan College at Burlington County, and being recognized nationally for its innovation and affordability," he said. "I will truly miss the students, the faculty and the staff, and I thank the board."

Drayton was named president in March 2015 and has been credited with overseeing RCBC's landmark partnership with Rowan University and a \$55 million transformation of its Mount Laurel satellite campus into its new main campus and the phase out of its over 40-year-old Pemberton Township campus.

Just two days before being placed on leave, Drayton led a media tour of the college's new 78,000-square-foot Student Success Center, considered the centerpiece of the Mount Laurel campus.

Under Drayton's leadership, the college also created its tuition initiatives and other measures in an effort to make RCBC more affordable and accessible, including its so-called "3+1" program with Rowan University that gives students the opportunity to earn a bachelor's degree by attending three years at RCBC and transferring to Rowan for the final year.

The program allows students to take advantage of the county college's low tuition to earn a bachelor's degree for under \$30,000, and is credited with helping RCBC make gains in its enrollment after years of decline.

Early into his tenure, Drayton also oversaw the opening of the college's Workforce and Development Institute, which manages all the county's workforce training, career education and job placement programs.

Prior to leading the college, Drayton spent close to five years as Burlington County administrator, overseeing a period in which the county government made several cost reductions and efficiencies, including the sale of Buttonwood Hospital, the county's former nursing home and psychiatric facility, and the closing of the county's police academy at the college's Pemberton campus.

Drayton also spent nine years as chief executive of the Delaware River Port Authority, the bi-state agency that owns and operates the Ben Franklin, Betsy Ross, Walt Whitman and Commodore Barry bridges and the PATCO transit system.

On Friday, Drayton said his work at the college was what he was most proud of and also what he most enjoyed.

"There's a lot to be proud of, especially transforming the college to what it's become. The vision was realized. And it was the most enjoyable time of my professional career," he said.

RCBC student comedian makes light of his life on the spectrum to take top prize in talent competition

Post date: Monday, April 30, 2018 - 11:56am

He writes what he knows. His jokes revolve around school, summer jobs and even his life on the autism spectrum.

Harrison Brown, a 19 year-old Rowan College at Burlington County student, defeated more than a dozen students with his comedy routine to take first place at Rowan College at Burlington County's Student Life Talent Show, which was coincidentally held in April, National Autism Awareness Month.

"I wasn't expecting to be in the

top three, let alone win," Brown said. "My heart skipped a couple beats when they announced I had won first place."

Life with Autism Spectrum Disorder (ASD) may not seem like a laughing matter, but Brown says he is just "wired a little differently." He also said it helps to find humor in everyday life, and it doesn't hurt that he has an incredible capacity to remember jokes.

"One of the top reasons Rowan College at Burlington County is the number one community college in the state, is because of our students," said RCBC Acting President Michael Cloce. "Our community of students are tireless, dedicated and supportive of one another. We encourage them to find their voices here, just like Harrison did."

The Cherry Hill resident and Cherry Hill East graduate, said was he has been honing his comedic skills since elementary school. His father is in comedy too.

"I wanted to tag along with my dad to his gig, and he jokingly said I could come along if I would get on stage too. He was only joking, but I took him up on it," said Br. wn.

For the past five years, Brown has been doing open mic nights and a few professional local shows.

"I love commanding an audience with laughter and it helps that the world is all yours for five minutes," he said.

He edits his show as needed to make it more appropriate to the audience and rehearses jokes with his dad to see what will get the best response.

In addition to a great memory for jokes, he explains that he is hyperlexic and was reading books by

"I have a fantastic memory, especially in math and science," he said.

Brown hasn't decided on a major at RCBC yet, but is leaning toward chemistry. After getting his associate degree, he is considering transferring to a four-year school where he can study food science.

"I'm obsessed with nutrition," he explains. "I read 'Eat This, Not That' and I'm really into healthy food."

He admits his "tastes" have changed over the years. For instance, now he listens to heavy metal, mostly the band Disturbed, but when he was younger, loud noises really bothered him. He also didn't like crowds, but now he is performing his own comedy on stage in front of large audiences.

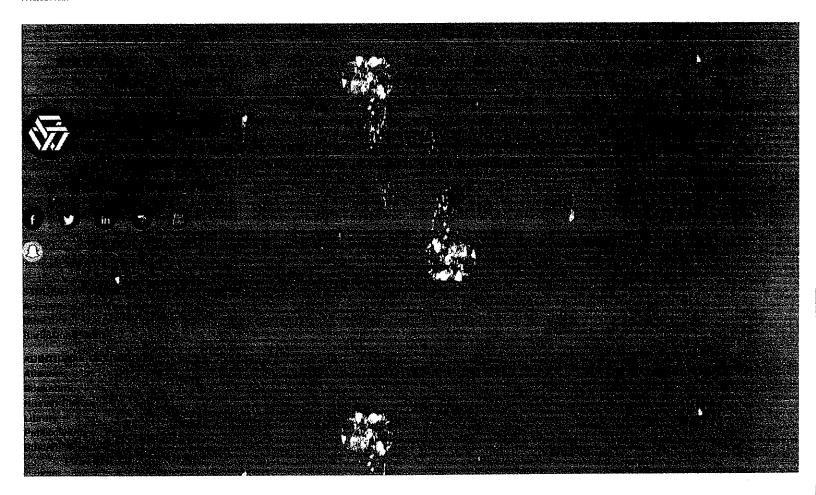

He attributes the changes to becoming accustomed to a new normal. His parents also arranged for therapy, including occupational therapy to help refine his motor skills, at a young age because of his ASD. He also found the help he needed at RCBC.

"The Testing Center, tutoring, Office of Student Support - have all been very helpful," said Brown.

He likes his classes at RCBC so far, especially the math and sciences, but he says he doesn't have a plan set in stone for his future.

"It depends on how life goes. You can't be sure what will happen," he said.

Although he is unsure of the path he will take, it is undoubtedly paved with some great new material.
